

Who is watching the roads in Bayfield County?

Cameras across Bayfield County log every car that passes and where it went. You never opted in, and you cannot opt out.

8 cameras running in Bayfield County

Running since 2022 with no public vote. Red Cliff added one in 2025.

~250 agencies in five states can search them

Including the Wisconsin DOJ and out-of-state police you never voted for.

100,721 cars logged here in one month

In a county of about 15,000 people. Kept 30 days, then shared.

"But I have nothing to hide."

Neither did the man jailed nearly a month over a misread plate. A Milwaukee officer used these cameras to track an ex more than 170 times before he was caught. The system is only as safe as the worst person with the password.

This is not left or right, and it is not anti-police. It is whether a private, out-of-state company gets to track a whole community, with no one watching how the data gets used.
